MLT Program Outcomes

The following information lists statistics for graduation rates, job placement rates, attrition, and National Certification Pass Rates for the Medical Laboratory Technology Program.

Program Outcomes			
Year	Graduation Rates	Job Placement Rates	Attrition
2015	100 %	100 %	0%
2016	100 %	89 %	0%
2017	100 %	100 %	0%
2018	100 %	100 %	0%
2019	86%	100%	14%

The following table lists the number of TSC-MLT graduates, number of first-time ASCP and AMT certification exam takers, number of first-time ASCP and AMT certification exam takers who passed the exam, and certification pass rates.

Year	Number of Program Graduates	Number of First-Time Certification Test Takers	Number of First-Time Certification Test Takers Who Passed The Exam	Percentage of First-Time Certification Test Takers Who Passed The exam
2015	8	3	2	67%
2016	9	0	0	0%
2017	3	2	2	100%
2018	6	5	4	80%
2019	6	Pending	Pending	Pending

Graduates of an accredited clinical laboratory science program are eligible for national certification as medical laboratory technicians (MLTs). Sponsor: American Society for Clinical Pathology and or American Medical Technologist.
