

ENGINEERING
TEXAS A&M UNIVERSITY

TRANSFORMING ENGINEERING EDUCATION

Do you want to be a Texas A&M engineering student?

Come and learn how to start your engineering degree locally as a Texas Aggie! Aggies enrolled in the Texas A&M-Chevron Engineering Academy at Texas Southmost College (TSC) spend their first two years at TSC where Texas A&M faculty teach the engineering courses and TSC faculty teach the core curriculum courses. This means students can save up to \$12,000 before transitioning to College Station to complete their degrees.

TEXAS A&M-CHEVRON ENGINEERING ACADEMY AT TEXAS SOUTHMOST COLLEGE INFORMATION SESSION

Wednesday, January 25, 6-8 p.m.

SETB Lecture Hall
Texas Southmost College Campus
80 Fort Brown Street
Brownsville, TX 78521

**RSVP by January 23
at tx.ag/TETSisJan17**
