The sculptures will remain in place for approximately one year.

The notice and order proposes 22 polling locations for General Election Day and 7 early voting sites. The number and locations of polling places are reduced to match the most recent City of Brownsville authorized

13. Report on the TSC Foundation Annual Meeting by the TSC Board of Trustees Chairman/TSC Foundation Member

Chairman Rendon reported that the Texas Southmost College Foundation was established as a non-profit organization on February 23, 1984. In December 1987 Texas Southmost College received a challenge grant from the U.S. Department of Education’s Development Institution Program. The grant challenged Texas Southmost College to raise one million dollars in 18 months, which would then be matched with two million dollars. By 1989, the goal was met and U.S. Department of Education matched it with two million dollars.

As per its By-Laws, the Foundation meets annually for the purpose of electing Directors and officers, approving the annual report of the corporation to be presented by the Board of Directors to the Board of Trustees of Texas Southmost College, and transacting such other business as may come before the meeting. Mr. Rendon requested that Dr. Tercero invite the chairman of the Foundation to present the annual report to the TSC Board of Trustees at the next meeting.

Mr. Rendon also reported on the Foundation’s annual meeting, held on December 9, 2011. The Foundation’s annual financial report shows net assets of $5,751,803 as of August 31, 2011. Based on the information presented at the meeting, the number of students receiving scholarships along with the amounts awarded has dramatically changed from FY 1995 to FY 2012. There has been a declining trend in the number of awarded scholarships and funds awarded to students. In FY 1995, there was 848 recipients for a total of $151,268 and by FY 1999 the number had increased to 1,798 and $512,912. However, by FY 2011 there were only 135 scholarships awarded for a total of $116,312 and of this total, 33 were recipients of a new program established by the TSC Foundation, titled, the UTB/TSC Challenge for Excellence Scholarship. As of FY 2012 year-to-date, the 51 scholarships that have been awarded, totaling $102,000, were awarded under the new UTB/TSC Challenge for Excellence Scholarship.

He stated that the diminishing number of awards and funding amounts was important to note, especially in view of the impending separation of the College and the University into two freely standing and accredited higher education institutions.

He stated that Texas Southmost College has had its Foundation since 1984; its Articles of Incorporation are very clear about the purpose of the Foundation being
for the support of the College and those it serves; and that the Foundation should continue to operate in keeping with its original, legal purpose through the period of transition toward separation, and after separation for the exclusive support of Texas Southmost College. However, he stated that at the December 2011 meeting of the TSC Foundation, sub-committees were created to review and recommend changes to the TSC Foundation's By-Laws and Articles of Incorporation, in an effort to provide Foundation support for UT-Brownsville.

He stated that the University deserves and needs such support, especially when it becomes a free-standing, higher education institution, separate from TSC; however, each institution should be supported by its own separate Foundation.

He stated no action or activity by the current TSC Foundation Board, or by any individual Foundation Board Member, maybe in contravention of the stated purposes of the Foundation. He mentioned it could give rise to a breach of fiduciary duty claim by the Foundation and, perhaps, by TSC as the intended beneficiary of the Foundation. Additionally, the Amended and Re-stated By-Laws of the Texas Southmost College Foundation, speak to the number, tenure, and qualification of the Board of Directors. These provide, in part, that the qualifying positions of the Board of Directors are the current chief executive officer of Texas Southmost College: Dr. Lily Tercero. He immediately requested that the Chair of the Foundation, Rev. Monsignor Heberto Diaz, to confirm Dr. Tercero's appointment to her position on the Foundation Board. He stated that Dr. Tercero's leadership and expertise will help guide the Foundation and those who serve on the Board, in keeping with the state purposes of the Foundation.

Mr. Torres noted that the TSC Foundation is an independent board. He thanked the TSC Foundation Board for their efforts and work they have done to provide scholarship monies to TSC students. Mr. Torres suggested that, in the spirit of cooperation, wouldn't it be wonderful if the UTB Endowment Funds of $7.3 million dollars would also be available to help TSC students.

Mr. Lewis provided a brief report on the First Quarter Financial Statements and Investment Report for FY 2012. Mr. Lewis stated that the reports are provided for informational purposes only, and no action is required by the Board.

15. Report on Transition Team

Chairman Rendon called on Dr. Leonardo de la Garza, TSC Consultant for the TSC Transition Team to provide an update on the transition process. Dr. de la Garza stated that a draft Report to the Legislature as required by Senate Bill 1909 of the 82nd Legislature had been prepared. This report summarizes the more important
activities by the UTB/TSC Partnership as it moves toward final separation of the University and the College on or before August 2015. TSC’s Report focused on three key areas: 1. Continuation of the Partnership; 2. Accreditation; and 3. State funding.

Dr. de la Garza also reported on TSC’s accreditation process. He reminded the Board that this is a process which will require that the College and University walk hand-in-hand to secure full separate accreditation. Also, the process and timeline are prescribed by SACS, not by the institutions, and is scheduled through 2015. Both entities will remain accredited under the UTB/TSC accreditation until separate accreditation is achieved.

He reported on the review of campus facilities and infrastructure. He stated that this is an ongoing, comprehensive assessment of buildings and support elements of the campus. This information will be used by the college in determining its best and most efficient use of those facilities and its infrastructure for the support of its programs and services.

Dr. de la Garza explained that TSC may have operational responsibilities for some programs, under the accreditation of the UTB/TSC Partnership, by Fall 2013.

16. Executive Session as provided by Government Code, Chapter 551.072.

The Board convened in Executive Session at 7:35 p.m.

The Board reconvened in Regular Session at 7:56 p.m.
