6 TSC District Board Policies

First Reading: College Logo

Dr. John Ronnau, Vice President for Administration and Partnership Affairs, presented the proposed change to the College Logo policy. He stated that the University is consulting with Ampersand, a marketing firm, hired to research how the campus is perceived. As part of this research, Ampersand will recommend which logo the University should use for all official communications.

Mr. Campirano stated that it is important to know what the campus community, including students, faculty and Alumni Association think about the change.

There was no action taken.

7 Bond Projects

Consideration and possible action on Wellness, Recreation and Kinesiology Complex Board Bond Advisory Committee: Approval of Schematic Design

Dr. Ronnau introduced Ms. Veronica Mendez, Assistant Vice President for Construction, to report on the progress for the bond projects. Ms. Mendez reported that the programming process has begun with meetings of the Campus Advisory Committees (CAC). Representatives from Facilities Programming and Consulting and Broaduss & Associates met with the six different CAC's. Each CAC is composed of the proposed user groups for each facility. Ms. Mendez stated that the meetings will continue through the fall in order to complete the programming phase on schedule.

Mr. Campirano reported that the Board Bond Advisory Committee for the Wellness, Recreational and Kinesiology Complex (WR&KC) meet to review the design for the project. He stated that the committee discussed the site, programming elements, floor plans and elevations for the building.

Dr. Ronnau introduced Mr. Andres Andujar, from 3D International Architects, to explain the design and program elements of the WR&KC. Mr. Andujar introduced Mr. Amado Fernandez, from Hughes Group, to further explain the design elements of the facility.

Dr. Ronnau introduced Mr. Michael Camarillo, President of the Student Government Association, and Dr. Carl Stockton, Dean of the School of Education. Mr. Camarillo stated that he is impressed with the design of the building. He added that the building will be accessible to students at all times. Dr. Stockton stated that there has been a lot of cooperation between the student and academic user groups.

A motion was made by Mr. Campirano to accept the schematic design for the Wellness, Recreation and Kinesiology Complex as proposed; seconded by Ms. Zimmerman; motion carried unanimously. Exhibit "B"

8 Construction Report

Dr. Ronnau reported the following:

- Approximately 820 spaces have been completed to date at University Boulevard Parking Lot.
- The compress structure has been stabilized to protect it from the elements. This work was performed by Mr. Larry Lof, Director for Rancho del Cielo, and his staff.
