Dr. Pearson reported that the audit, conducted by Long Chilton, LLP, reported no findings and the District earned an unqualified opinion.

Mr. Campirano noted that this is the first time that the District will submit a CAFR for Certificate of Achievement to bring recognition to the District for our financial performance. He asked Ms. Melba Sanchez, Assistant Vice President for Finance, to provide a brief summary of the CAFR and the audit.

8. Physical Facilities Subcommittee

Ms. Breedlove reported that the Physical Facilities Subcommittee also met prior to the Board meeting. The Committee discussed the bid for reprographic services and the student housing proposals.

Consideration and Possible Action on
Competitive Sealed Proposals for Reprographic Services

Dr. Pearson reported that that owner procurement of materials was identified as one of the cost control strategies for the construction bond projects. He added that reprographic services of construction documents and specifications are needed to provide both contractors and subcontractors the information required to construct the projects at hand. These services are charged to projects and acquired through the main contractor; therefore, this service was identified as another owner procured item that could result in potential project savings.

Dr. Pearson reported that a request for proposals was issued in December. Responses were received on December 17, 2007 from RGV Reprographics and FedEx Kinkos. Upon evaluation of the proposals, RGV Reprographics was selected as the best value respondent. He stated that the proposal allows for a savings of approximately $24,155 to the projects.

A motion was made by Ms. Breedlove to accept the proposal for reprographic services from RGV Reprographics in the amount of $49,330 and authorize the Assistant Vice President for Planning and Construction to negotiate the contract. The motion was seconded by Mr. Herrera and carried unanimously. Exhibit "E"

Consideration and possible action on
Selection of a Firm to Plan, Finance, Construct and
Operate a Housing and Dining Facility on Campus

Dr. Pearson reported that based on the need for student housing on campus, a request for proposals was issued on July 16, 2007. Proposals were received on August 31, 2007, from University Service Corporation and Collegiate Development. The Physical Facilities Subcommittee, the Construction Council, and the Housing Evaluation Committee conducted interviews on November 19, 2007, for the two firms that responded. The committees forwarded a recommendation to the Physical Facilities Subcommittee to reject both proposals because it was determined that the proposals were unlikely to result in the housing desired on campus. The Physical Facilities Subcommittee concurred that the board should reject the proposals and include this item on the agenda for the upcoming Board Retreat to be held in the Spring of 2008.

A motion was made by Ms. Breedlove to reject all proposals for Student Housing and include this item on the agenda for the upcoming Board retreat that will be scheduled in the Spring of 2008. The motion was seconded by Mr. Campirano and carried unanimously.

Dr. Pearson explained that TSC Trustees are elected on even numbered years for a six year term. Positions 1 and 2 of the Board are up for election on May 10, 2008. He added that according to Chapter 31.123 of the Election Code, the Board must appoint a member of the staff to perform the duties of the Secretary of the Board in matters related to an election if the Secretary does not keep office hours at the District. The duties of the Agent include; receiving declarations for candidacy, and disseminating campaign finance reports and election results. Dr. Pearson stated that the recommendation is to appoint Mr. Allan Peakes, Assistant Vice President for Facilities Services, as the District’s Agent for the May 2008 election.
