### 10. Early College High School

**Consideration and Possible Action on Approval of the Interlocal Cooperation Agreement with Brownsville Independent School District for construction of Early College High School Facility.**

Chairman Oliveira called on Dan Rentfro, Texas Southmost College Attorney. Mr. Rentfro stated that this is a proposed agreement between Texas Southmost College District (TSC) and Brownsville Independent School District (BISD) to find a permanent home for the Early College High School. BISD has received federal stimulus money which will require quick action. The proposed agreement will work as follows:

- BISD and TSC will agree on site on Campus for the location of the facility. TSC will contribute that land to the project.
- BISD will then obtain approximately $6 million dollars in lease revenue bonds that will be supported by the federal stimulus money to build the facility.
- BISD will construct a facility according to the TSC design guidelines which have been provided to BISD. TSC will not contribute any funds, maintenance or operation of the facility.
- The Early College High School program will be housed in the facility and an agreement will say as long as the program continues it will exist at the location. If that particular program were to ever cease to exist. There will be an agreement between TSC and BISD on an educational use of the facility. If that agreement could not be reached or BISD had no longer interest in conducting an educational program at the facility, the title to the land and the facility will revert to TSC and it will become a TSC facility.

He mentioned that BISD is on a short timeline. The federal package requires that a construction contract be awarded by the end of December 31, 2010. At this time BISD is requesting approval of Interlocal Agreement which will set out in principle the guidelines mentioned. It will provide transfer of title to the land and will allow them to go forward with the funding. Chairman Oliveira called on Brett Springston, BISD Superintendent. Mr. Springston mentioned that it is great opportunity for the students to be on campus and will be in the best interest for
the students. Ms. Mendez mentioned that it will be 1 ½ acres of land behind the observatory.

A motion was made by Mr. Torres to approve the Interlocal Cooperation Agreement with Brownsville Independent School District for construction of Early College High School Facility as presented. The motion was seconded by Ms. Garza and carried unanimously.

11. Academic Affairs and Research Partnership Committee
