Results:
Texas Southmost College (TSC) regularly tracks enrollment headcount through the Office of Institutional Research. This data tracking takes place as part of the TSC's Vision 2023 Strategic Plan. Institutional data for this outcome was derived from the Texas Higher Education Coordinating Board (THECB), Accountability System Reports (2016 – 2022 reports) for Texas Community, Technical, and State Colleges. Even though the 10% annual target was not achieved in the years after the COVID pandemic (Fall 2020), TSC shows a positive trend in the last year. In addition, the 7-year percent change shows a 51.2% growth from 2016 to 2023.
